USA PATRIOT ACT

In accordance with Section 326 of the USA Patriot Act, applicants for new membership accounts are required to provide current, government issued, valid picture identification that verifies their identity including NAME, CORRECT ADDRESS and other identifying information.

In some cases, identification will be requested for current members if original documentation was not obtained with the opening of their account. In all cases, protection of our members' identity and confidentiality is our pledge to you.

We proudly support all efforts to protect and maintain the security of our members and our country.

When submitting an account card for a new membership, please bring in/present identification, i.e. driver's license, state issued identification card or a passport (with verification of address). If you submit your membership application through your payroll/human resources department, please make a copy of your identification and submit it with your application.

If you should have any questions regarding the above, please contact the credit union office for further assistance.
